

RASDEG Members RULES for Using the Grounds at 190 Cleveland Redland Bay Rd Thornlands. PIC QGRL 0142

By joining RASDEG Inc you agree to abide by the rules governing the use of the grounds we share with the Redlands Horse & Pony Club.

- RASDEG members are able to ride at the grounds on Club competition days and also for social riding/training 7 days a week - with the strict exception that **RASDEG members are not to use the grounds when the RHPC are using the grounds** and vice versa.
- RHPC hold events on 2nd and 4th weekends – meaning RASDEG members are to NOT attend the grounds on those weekends unless expressly invited. If unsure, check the RHPC website, or email rasdeg@rasdeg.org.au.
- On official competition days, RASDEG members not entered on the day are not permitted to bring their horses to the grounds.
- Helmets must be worn and correctly fastened whenever mounted on a horse on ANY part of the grounds.
- The GATE must be kept closed when horses are on the grounds.
- No horses are to be let roam free, either with a handler still on the grounds, or left alone.
- There is no permanent agistment on the grounds. The grounds and yards are for day use only, with the exception of emergency situations. (example: local flooding/fires.)
- All manure MUST be picked up from yards, wash bays and grounds and removed or put in manure pile.
- Instructors who wish to use the grounds for coaching RASDEG members are required to submit their qualifications and insurance cover to RASDEG Executive for confirmation before instruction on the grounds. Instructors are permitted to ride a clients horse on the grounds with the RASDEG member present.
- Stallions are only permitted at RASDEG event or clinic days. Recreational access is not permitted. EA Stallion rules also apply where the stallion must display Green Discs on both sides of the horse at all times whilst on the grounds.
- No dogs are allowed on the grounds on any event days.
- Riders are asked to limit their time in the dressage arena to half hour sessions if there are other riders waiting to use the arena. At no time should any rider expect sole use of the sand dressage arena.
- Use of the lights on the arena is by coin operated machine on the side of the clubhouse.

- Members are able to wash their horses at the grounds after riding or events held on the grounds. Anyone using the water to wash their horses is asked to turn it off when not in use. Any manure on the wash bay cement is to be removed.
- It is not acceptable for RASDEG or RHPC members who are not riding or competing to come to the grounds for the sole purpose of washing their horse(s) and leaving. This is not acceptable and unfair to both Clubs regarding water use.
- With the exception of approved competition days, AT NO TIME are RASDEG members to use SHOWJUMPING equipment.
- No alcohol to be consumed on the grounds when there are horses on the grounds.
- Should you accidentally damage the grounds, facilities or shared equipment while at the grounds, please report the damage immediately to Dennis (Groundsman) and as soon as possible to a member of the RASDEG Executive Committee so that we can arrange rectification. We also ask you similarly notify if you notice pre-existing damage.
- When horses are on the grounds, the gate must be kept closed
- Riders should not attend the grounds to ride alone. This is for your safety.
- The MENS bathroom is usually always open if you need to use the facilities, please leave them clean and tidy, and report any damage.
- Any person found to be not complying with these rules may be subject to membership cancellation, and no longer permitted to bring a horse onto the grounds.
- Please place your completed Health Declaration at the club house whenever you bring a horse onto the grounds.
- Qld Gvt require you to maintain movement records for horses and taking your horse to the grounds would require a movement record and a Horse Health Declaration.

Non-compliance is a serious issue and affects our insurance and may result in action against the individual involved.
